

HYBRID WORK CANVAS

TEAM:

DATE:

What have we as a team learned from the remote work?

What do we test next?

What should be allowed to stay as in the last few months?

What should return to "the way it used to be"?

What do we wish completely new?

What work will we do in future "when and where everyone wants"?

What do we meet in the office for? When? How often?

What will show us that we are on the right course?

How do we celebrate our hybrid successes?
